Summary

Computer Science undergraduate (B.Tech, expected 2027) with hands-on project experience in C++ systems programming and front-end web development, plus working knowledge of Python for data analysis and visualization using Pandas, NumPy, Matplotlib, Seaborn, and Plotly. Strong foundation in data structures, algorithms, and database management systems. Seeking Data Analyst / Data Science internship opportunities to apply analytical and programming skills to real-world business problems.

Skills

Programming Languages: Python, C++, C, Java, JavaScript

Data Analysis & Visualization: Pandas, NumPy, Matplotlib, Seaborn, Plotly

Web Development: HTML, CSS, ReactJS (MERN Stack)

Tools & Version Control: Git, GitHub

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems

Projects

Tailwind CSS Landing Page Clone

March 2026

HTML, CSS, Tailwind CSS

- Rebuilt a production-style landing page using Tailwind CSS utility classes, delivering fully responsive layouts across mobile, tablet, and desktop breakpoints
- Designed reusable UI components, including navigation bars, hero sections, and card layouts, using Flexbox and CSS Grid to replicate real-world interface patterns
- Structured semantic HTML markup to improve accessibility and code maintainability

Live demo: amankumaryadav01.github.io/Tailwind-clone-Project

DPI Engine – Deep Packet Inspection System

April 2026

C++17, libpcap, Python, CMake, Pthreads, Wireshark

- Built a multithreaded deep packet inspection engine in C++ that parses PCAP files and extracts TLS Server Name Indication (SNI) data to classify and filter network traffic
- Designed a producer-consumer thread pool architecture using mutexes and condition variables to enable thread-safe, high-throughput packet processing
- Applied concurrent programming and systems-design principles to process large-scale network traffic data

Education

Rajkumar Goel Institute of Technology, Ghaziabad, India

2023 – 2027 (Expected)

Bachelor of Technology in Computer Science and Engineering — CGPA: 7.4 / 10

Adarsh Inter College, Mahuabag, Ghazipur, India

2020 – 2022

Intermediate (12th Grade) — Percentage: 74%

S S Convent Public School, Jangipur, Ghazipur, India

2018 – 2020

High School (10th Grade) — Percentage: 85.6%

Certifications

- Introduction to IoT — NPTEL
- Design and Analysis of Algorithms — NPTEL
- Advanced Power BI — [verify credential / certificate link]
- College Hackathon Participation — [verify credential / certificate link]

Extracurricular Activities

Scholars for Social Change Program, Ghaziabad, India

February 2025

- Participated in a structured community engagement program focused on developing leadership, teamwork, and communication skills [add specific activities/outcomes]

Interests

Self-Improvement, Fitness, Badminton, Continuous Learning
